

JACKSON COUNTY SENTINEL

VOL. 22, No. 22

GAINESBORO, TENN., THURSDAY, MAY 27, 1920

ONE DOLLAR A YEAR

GIVE HEED TO THE WAILS OF THE POOR TEACHER AND HUMBLE PREACHER.

Yuby Dam, U. S. A.

Of course as you all well know. All of you at least who have read the news, that there is a great outcry for a little more pie to be dealt out to the teachers and preachers.

Everybody has found out that they are not getting their share of the apple cobbler. Not enough to make good red blood trot thru their veins.

Many are being forced to quit their jobs, so that you now find thousands of schools untaught and churches without preachers. This is indeed sad. It is a bad state of affairs, when the country will stand idly by and let the very salt of the earth be trampled underfoot. This all savors of something bad.

The world needs all of its good men and women and its good institutions.

Even the best we can do is bad enough. We have always kept a "rough house" down thru all the ages. We pulled hair and broke noses by the basket full.

The tares have grown up with the wheat forever, and the rose and the thorn have hung dangling from the same stem, and saint and sinner have butted heads together down in this dreary, drizzly world. Lend a hand.

The teacher and preacher are not going to ask for too much. They are liberal minded gentlemen. All they ask is a square deal. They won't swipe the last pea out of the dish. They are not going to demand their pound of flesh. They ask no special favor. They do not claim to be the chief ant in the "Lord's sugar bowl." All they crave is their prorata part. The time has come for a change. They have stood like "Micawber" long enough, waiting for something to "turn up." They must now find a four leaf clover. If they are not dished out a little more succor they will step down and out, and then the boys will pick up the United States and walk off to the Demnition Bow-wows with it.

May the good Lord smile on the poor humble teacher and preacher and lead them gently on.

Just as I go to press I hear that the poor school teacher at Yuby Dam is now having to stand and wait for a hen to lay before he can eat dinner. And some days all he gets to eat is a cackle. He is without God and without hope in the world.

The Preaching Slitker Snake.

P. S. Let someone say amen to this. Some theological gent, or some of the penaroyal tribe. If you can't say anymore just say "Them is my sentiments." —Clipping from the Billtown Whizzer.

SOCIAL-RELIGIOUS BUILDING AT M. T. N.

A one-day campaign has just been closed by the students and faculty at the Middle Tennessee Normal, of the initial move in a large campaign to secure \$150,000 for the erection of a Social-Religious Building on the campus of M. T. N. This building will fill many urgent needs, long felt by the students, and at the same time be a fitting and permanent memorial to the 460 M. T. N. men, who served their country so bravely during the great world war. It will be especially dedicated to the gold star men, who made the supreme sacrifice.

That the students and faculty feel the need of, and have a most earnest desire for the building, is evidenced by the fact, that the goal set for the present student body, at \$6,000, was exceeded more than \$8,000. More than \$13,000 being pledged. Five wounded ex-soldiers now enrolled in school, pledged \$250, and the children of the 5th and 7th grades asked the privilege of pledging \$113. The Rotary Club of Murfreesboro has offered to take over the campaign in this city, and expect to raise at least \$13,000 for the cause. From the Rockefeller foundation we expect to secure a minimum of \$1, with a possible maximum of \$2, for every \$1 that we raise. While the Alumni share in this movement was estimated at first at only \$5000, the present student body will be disappointed if its own record of \$13,000 is not surpassed by its older brothers and sisters.

The call goes forth to the loyal Alumni of M. T. N., to rally to this great movement. An invitation has been extended, calling each son and daughter of M. T. N. home for commencement, and to their own Alumni banquet in particular, on the evening of June 1, 1920, at 8 p. m. At that time a complete organization will be effected and plans formulated for the conducting of the Alumni's part in the campaign. On account of the present H. C. L. a \$1.00 per plate will be made for the banquet. All Alumni desiring reservation are asked to send in their request to Prof. H. P. Ogden as soon as possible. One way in which every Alumni may aid is by sending to their respective county correspondents a list of all former M. T. N. men, who they know were in the service during the war. In this way they may help materially, as each name is to be engraved on a wall of the building.

M. T. N. Alumni of Jackson county, the fate of your school lies to a large extent, in your hands. You have heard the challenge and the invitation. Will you come?

Signed Aline McDearman, Co. Correspondent Jackson Co.

HOLD ON TO YOUR UNITED STATES BONDS.

The United States Government borrowed money from a large number of citizens in Jackson county to finance the War. You hold the Government's promise to pay you back. This promise is called a Liberty Bond or Victory Note. On this Bond is stated the conditions under which the Government borrowed the money from you.

For instance: If you hold a Bond of the Third Liberty Loan, it states that on April 15th and October 15th of each year until maturity you will receive interest on the amount you paid for the Bond. Other issues bear other rates of interest and other maturity dates, all of which are clearly stated on the Bond.

Now, if you will keep your Bond until the date when the Government pays you in full for it, you do not need to worry if, in the meantime, the price is low one day or high the next. You and Uncle Sam are living up to your agreement with each other, and neither will lose by it.

On the other hand, if you sell your Liberty Bond now, you will find that the man you sell it to will not give you a dollar for every dollar you paid for it. The price has been brought down because so many people are offering to sell their Bonds. If the market is flooded with tomatoes, you can buy them cheap, but if everyone is clamoring for tomatoes and there are few to be had, the price goes up. The same is true of Liberty Bonds. Short-sighted people are dumping them on the market, and wise ones are buying them.

The best advice that can be given to the owner of a Liberty Bond is this. Hold the bond you bought during the war; it is as safe and sound as the United States Government itself.

Buy as many more at the present low rate as you can afford. If you hold them to maturity, you are bound to make the difference between what they sell at now and their face value. You will also receive good interest on your investment.

Hold on to your Liberty Bonds and buy more.

LET MRS. MARY GRAVES TELL YOU HER POULTRY RAISING EXPERIENCE.

"Three years ago bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henney. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by M. P. Bailey & Son, Quarles & McCawley, Anderson & Haile, Gainesboro.

DOW E. SLAGLE ANNOUNCES FOR STATE SENATOR.

After having urgent calls from every county in the tenth senatorial district, to become a candidate for State Senator, and after careful consideration, I have consented to make the race not for the meager salary that goes with said office, but as a public duty, hoping to have the honor of representing, in the next General Assembly, the best citizenship of Tennessee.

I have always had the utmost faith in the Democratic party, loyally keeping step with the procession and placing my trusts in the voters, I cheerfully submit my claims to the action of the Democratic primary election to be held August 5th, 1920.

I shall loyally defend such issues that pertain to the interest and welfare of the people, and the upbuilding of this section of country.

I invite a careful investigation of my character and qualifications, as a public servant, or private citizen and if found worthy, will you be kind enough to lend me your valued support and influence?

The true bonds of Democracy seals my vows for he who wins, not only in the senatorial race, but for all Democratic nominees.

Very respectfully,
Dow E. Slagle.

FORMER JACKSON COUNTY CITIZENS WRITE.

Coalinga, Calif.
Arica Oilfields,
May 15, 1920.

Dear relatives and friends:

Everything here is fine. It is much warmer here that what I have been used to. I came here from Clayton, N. M., which is a fine place to spend the summers.

I came here to stay for a time with my aunt and uncle, J. B. Hensley and wife. So far I am liking it fine.

The flowers are all dried up, the grass is dead, but we have no sand storms.

I lost my dear mother and sister, and I am left in this old world without father and mother. Only have one brother, one sister and two half-sisters. My sister is living in Clayton, N. M., my brother is here with me, and my little sisters are with their papa in New Mexico.

I suppose Mrs. Joe L. Petty and children have returned to their old home. Don't suppose they could stay long enough become accustomed to the sand.

Mrs. Landon Haney reports a fine baby girl. Mother and baby are getting along fine.

Noah Hensley, wife and 7 children arrived in Coalinga, April 28. They are living in town, and are liking their new home fine.

Ernest Whitefield, of Clayton, N. M., is here in the fields at work. He is receiving good wages and is liking the work fine.

We have a church of Christ here, and the first Christian minister to have ever preached here. We have two fine sermons each Sunday. Our minister's name Jackson. He is from Tennessee, but we haven't learned what part he is from. We think he is a fine man. There has been several confessions.

We would be glad to here from some of you Jackson county young people thru the Sentinel.

Miss Vela Chaffin of Clayton, N. M., tell us all the good news.

Claudie Birdwell.

Dear Editor:
The weather is just fine here now. The buds are just beginning to swell, and it looks like springtime.

The health of all the Tennessee folks is good, so far as I know.

Jim Whitaker and wife, Bernice Felts and wife of Nashville, landed at my house the 15th. They have been telling me so much about home that it makes me think very strong about coming down about July 4th. Hope Dug Smallwood will have lots of shells and my shotgun in squirrel hunting tune. I wonder what has become of poor old Mat Keith. Hello! J J Harris of Cookeville R-8.

Times are only tolerably good here now. The manufacturers figure on cutting down the high price of labor, then we will have a panic. Most all the factories intend of close down for June 1, for three months.

S. B. McCain has been promoted from Inspector to Calendar man on second shift. We both work the 2nd shift from 3:30 p. m. to 12 a. m. for the U. S. Tire Company. John Willmuth still sings "I'm going back to Dixie." And I am beginning to catch the tune.

Geo. Young of R-3, how is the goods business and farming? People in this country don't plant anything till the 15th of June.

I wish some of you people were to go with me to Canada, tomorrow. Lots to drink over there at \$15. per qt., but you are not allowed to bring any back across Uncle Sam's line.

Your friend,
J. Sanford Maberry.
